

ERG-113

The 100 Series ergonomic computer keyboard arm was designed as an entry level arm for home offices and for educational applications where a no-frills, solid keyboard platform is desired. Fully adjustable, the ERG-113 operates with a single control knob that simultaneously adjusts both height and tilt. This economically priced arm stores under the work surface on a heavy duty 17" glide track. Made in Canada.

Ergonomic Quick Mount Keyboard Tray

ERG-350

Features & Benefits

- Stable, durable design
- Height and tilt adjustable gel wrist rest
- Clamps firmly to keyboard with soft rubber bumpers
- Mouse tray with swivel and tilt capabilities
- Spring-loaded adjustment to fit most keyboards
- Designed to work with our ERG-113 computer arm
- Meets or exceeds ANSI/BIFMA standards

Applications

- Heavy use typing
- SOHO (Small Office Home Office)
- Health care institutions
- Commercial and industrial users

ERG-340

Our ERG-340 ABS plastic keyboard support tray comes with sliding and forward indexing mouse surface for either left or right hand use, anti-skid pads and gel-like foam wrist rest. The ERG-345 has all the same quality features without a built-in mouse platform.

- Anti-skid pads prevent keyboard slippage
- Left or right hand use of mousing surface
- Built-in cable management
- Removable snap-in 19" gel-like foam wrist rest
- Fits most wave style keyboards
- Universal mounting pattern attaches to all our keyboard arms

Our 200 Series articulating keyboard arm incorporates new dial knob technology for easy tilt adjustment from -15 degrees to +10 degrees, allowing for optimum comfort to a variety of users. The 200 Series arm also uses patented features such as Lift-N-Lock™ technology for effortless height adjustment and choice of glide or ball bearing low profile track ensuring the easiest, most comfortable and convenient arm for use in the office environment. In addition a new tilt indicator has been added to compliment the ease of use. The 200 Series is available in a short, extended and sit/stand configurations to fit your application. Made in Canada.

CPU Holders (Locking & Non-Locking)

Lock & Store™

Lock and store cumbersome CPU towers safely below nearly any work surface eliminating the risks associated with leaving it on the floor. Lock & Store is a vertically mounted CPU holder with low profile glide or ball bearing track options to match your budget and needs. All models (except fixed mount) rotate 360° for easy access to rear panel connections. To deter theft, Lock & Store also features an adjustable base rail. A larger base provides additional support for the CPU. Made in Canada.

Features:

- Key lock knob prevents removal
- Vertical CPU support mounts below most work surfaces
- Adjustable steel base rail on non-fixed models
- Knob secures CPU with a unique, easy access built-in lock mechanism
- 360° swivel is provided for quick access to rear connections on non-fixed models.
